— The Treasurer, made a report upon the subscriptions to the stock, which was favorable.

— Capt. Sturivant, from the committee appointed to examine steamers and obtain prices

made a report on several that the committee visited.

Reports were read from Capt. Deering and W. Drisko, of Machias, reporting progress in securing subscriptions at Machias, and in places in that vicinity.

A ballot was then taken for five Directors, the following were elected: J. W. Himes, H. J. May, N. Winslow, F. F. Miliken, and W. H. White, all of Portland, and Geo. W. of Machias.

Some remarks were made upon the improbability of purchasing a boat before the sufficient amount of capital stock had been subscribed for that purpose. About \$25,000 more would be necessary to secure a first class boat, just the same for such a route. The Directors were divided in the matter until this amount is secured—additional to what has already been subscribed. An appeal will be made to our citizens—those that have subscribed to increase their subscriptions, and those who have not to do so. The next meeting of the committee will be held on the 10th inst. with this matter secured, a first class boat will be placed immediately upon the route. Let not the cause be in vain.

Editor of the Press:
Within the past week there has been formed in this city a Regatta Association for the purpose of improving and promoting the interest in boating community in our midst. As the season for sailing and coming spring approaches, the Regatta Association will ask some favors of the public, intending, as they do, to contribute largely to the stock of rational and healthful amusements, they certainly deserve a passing notice. They propose to raise money from which they will offer purses of different amounts to the crews of the best regatta clubs or those from abroad, and their liberality they will, without question, receive some of the best crews in the country to visit our waters. A Regatta Club will meet at a meeting of the different clubs of the city to be held Saturday evening, Jan. 20, the following is the list of the officers of the Regatta Association: A. Prince, President; John C. Small, President; Charles A. Averill, Secretary; George A. Barston, Treasurer.

No distant day, after its complete organization, you will again hear from this Association.

A. R. A. BANNER.—Hudson has just got a splendid banner for the Irish American Association of New York City. It is of double silk, five feet by seven. On one side it is a silhouette on the sides are the representations of St. Patrick and the Maid of Erin, the name of the Association and the date of organization, May 14th, 1863, is also featured. On this side is also the representation of one man shaking another man, with the motto "We aid one another." The other side is painted two Irish wolf between them the Irish round tower and burst with the harp and crown—the one surmounted with an American Eagle, the other with a wreath of Shamrock. The banner will be exhibited at the second annual meeting of the Association, which comes off on evening at Lancaster Hall. It will be a grand party, and will attract, as it should, a large attendance to greet and pay due honor to the new and splendid Banner of the Association.

ARROW ESCAPE.—Yesterday, while some were at play upon the ice in the docks, the crew of the "Arrow" were taken into possession of their ship by a party of the police. His comrades used their utmost exertions to get the little fellow out, but in vain, and he would have been drowned but for mate of a vessel near by, who took a rope, making a slip-noose at one end, threw it to the boys and told them to fasten it to the iron railing of the deck. They did so, and the mate on board the vessel pulled the boy out of the water over the ice to the schooner.—The lad was completely benumbed and unable to help himself. Restoratives were administered and he was sent home.

KNOW-AWAY.—We mentioned yesterday the coming away of a late named James A. Frazer from his home last week, in company with his brother. The name of the vessel is the "Stam Thomsen Ray." He is about ten years old on dark clothing, a sack coat and cap with fur around it, and blue mittens.

UNION PRAYER MEETINGS will be held on every evening this week in the vestry of the Methodist church.

also in the vestry of High Street Church, at same hour.

The Editor of the Press:
Within the past week there has been formed

city A Regatta Association for the purpose of improving and promoting the interest he hosting community in our midst. As the present winter and coming spring Association will ask some favors of the community, it is hoped that they will contribute to the stock of rational and healthful amusements, they certainly deserve a passing notice. They propose to raise funds from which they will offer purses of different amounts to be contended for either by the city or by the regatta association, and their liberality they will, without question, receive some of the best crews in the city to visit our waters. A. BASTOW. 1881-82.

At a meeting of the different clubs of the city held Saturday evening, Jan. 6th, the following officers were elected for the coming season: J. P. Prince, President; John C. Small, President; Charles A. Averill, Secretary; and A. Barstow, Treasurer.

No distant day, after its complete organization, you will again hear from this Association.

h. 8, 1866.

A. R. L. BANNER.—Hudson has just got a splendid banner for the Irish American Association of this city. It is of double silk, five by six yards. On one side it is painted the coat of arms of the United States, and on the other side the coat of arms of St. Patrick and the Maid of Erin, the name of the Association and the date of organization, May 14th, 1883, is also beautifully lettered. On this side is also the inscription of a motto—“We aid each other.” The other side is painted two Irish wolf between them the Irish round tower and burst with the harp and crown—the one surmounted with an American Eagle, and enclosed with a wreath of Shamrock.

The banner will be exhibited at the second meeting of the Association, which comes off to-morrow at Lancaster Hall. It will be a grand party, and will attract, as it should, a large attendance to greet and pay due honor to the new and splendid Banner of the Association.

ARROW ESCAPE.—Yesterday, while some were at play upon the ice in the docks,

of their number fell into the open pass-way. His comrades pressed their utmost efforts to get him a little further on, and he would have been drowned but for mate of a vessel near by, who took a rope, making a slip-noose at one end, threw it to the boys and told them to fasten it to their running comate. They did so, and the mate came on board the vessel pulled the boy out of the water over the lee to the schooner. —lad was completely benumbed and unable to help himself. Restoratives were administered and he was sent home.

UNAWAY.—We mentioned yesterday the passing away of a lad named James A. Frazer from his home last week, in company with a friend, who was the son of a Mr. Adam Thomas Ray. He is about ten years old, had on dark clothing, a sack coat and cap with fur around it, and blue mittens.

UNION PRAYER MEETINGS will be held every evening this week in the vestry of the

also in the vestry of High Street Church, at same hour.

all who know the worth of prayer are cer-
tely invited.

MORE OF THE SUNNY SIDE.—On the evening of January 1st, nearly one hundred people, citizens of Casco and Congregational friends, assembled in the village at Leach's Hall, bringing with them new year's offerings, as tokens of their appreciation of a preached Gospel among them.

While this occasion afforded them a pleasant opportunity of mingling their social and religious sympathies, it served to encourage and cheer their Pastor in his Master's work, and strengthen the bond of interest and friendship between him and them, and also between friends and neighbors.

When they had been refreshed from a liberal spread table, and had joined in appropriate religious exercises, they returned to their homes, all feeling well satisfied with the occasion, leaving behind them, in kind remembrance of their Pastor, upwards of seventy dollars in money and substantial gifts.

For this new expression of sympathy, and for all the kindness and cordiality with which they have received us, we have our warmest thanks, and our continued prayers that they may be abundantly rewarded with the blessings of salvation.

GRAND F. TWEEDSBURY.
Casco, Jan. 9th, 1886.

INCREASE OF BANK CAPITAL.—The Stockholders of the Merchants' National Bank voted yesterday to increase their capital stock \$500,000—making the whole capital \$500,000. The time and manner of the increase was left to the Directors.

AN ARTICLE OF MERIT.—Brown's Bronchial Troches "are the most popular article in this country or Europe for colds, coughs and croup, and this popularity is based upon real merit, which cannot be said of many other preparations in the market, which are really but weak imitations of the genuine troches."

FINE HOGS.—Messrs. M. S. Webb & Co. No. 81 Commercial Street, have received one of the finest lot of hogs ever brought to this market. They are large, fat and corn-fed. Just look at them.

TO THE EVENING PAPERS.

From Fort Monroe.

NEW YORK, Jan. 9.

The Herald's Fort Monroe correspondent says five companies of the 12th United States Infantry lately arrived from Richmond to aid the 5th United States Infantry in garrisoning this fortress. The duty imposed on the officers and men of the garrison of the fortress recently has been very arduous, officers and men being kept on duty every other day.

Lieut. Dan, an officer of the 5th Infantry, had been found asleep on duty by Gen. Miller, and placed under arrest.

Col. White, editor of the True Southerner, published at Hampton, had been assaulted while going to Chesapeake Hospital, by an unknown person.

At Fort Mifflin, Pa., Navy Yard, the Agawam was being rapidly repaired. The Swatara was coaling up to return to Washington. The St. Lawrence was nearly ready to go to Brazil for a storehouse.

Gov. Marshall's Message.

ST. PAUL, Minn., Jan. 8.

Gov. Marshall delivered his inaugural message to both houses of the Legislature today. In reviewing the trade and property of the State, he gives the following figures: Receipts of the treasury for the year ending Dec. 31, 1885, \$3,000,000; the land registry shows that the entries of land during the year amounted to \$1,000,000; the population of the State is estimated at 775,000; the number of miles of railroad, in operation, 21,000.

Gov. Marshall favors universal freedom, and the equality of white and black men before the law. The message is very brief.

XXXIX CONGRESS—1st Session.

SENATE.

After a recess at Washington, Jan. 9, a petition of the Clerks of the State Department for increase of pay, was referred to the Foreign Claims Committee.

A memorial, asking a donation of public lands for educational purposes, in the late Republic of Cuba, was referred to the committee on Public Lands.

A resolution was adopted appointing W. J. McDonald Chief Clerk of the Senate, vice Hickox, deceased.

The resolution of the House, accepting an invitation to participate in the Industrial Exhibition at Paris, was reported and passed.

Whereas—It is reported that persons declared free by the proclamation of emancipation, and by the recent amendments to the Constitution, are now kidnapped and transported to Cuba and Brazil to be held as slaves, and that in violation of the laws of the United States, they are being sold as such.

Resolved—That the committee on the Judiciary be directed to inquire if any further legislation is needed to prevent the kidnapping of freedmen and the renewal of the slave trade on the southern coast.

The speaker read from a gentleman in Alabama, setting forth that the facts stated in the above preamble, actually exist, and Federal officers have among the guilty persons, Mr. John Jones, call for the name of the author of that letter.

Mr. Sumner—I have been requested not to give the name of the writer. He is well known in the other House.

Mr. Sumner then read a letter of similar purport from the U. S. District Judge of Florida.

Mr. Davis had no doubt the Yankees were endeavoring to reopen the slave trade. He knew they would do so, and thought they could make any money out of it. He was in favor of the resolution.

The bill to give the consent of Congress to the annexation of the counties of Berkeley and Jefferson of the State of Virginia, to the State of West Virginia, was passed.

Mr. Wilson gave notice that he would tomorrow introduce a bill to increase and fix the number of men in the regular army.

The Senate then went into executive session, after which adjourned.

The Speaker announced the following as a select committee on the military and postal railway between New York and New Jersey: Messrs. Stevens, of Pennsylvania, Garfield, of Ohio, Francis Thomas, of Maryland, Bragg, of Connecticut, Starr, of New Jersey, and Smith, of New York.

Mr. Washburn, of Illinois, brought to the attention of the House a Washington letter written by Mr. Baldwin, of New York, to the latter's paper, the Worcester Spy, saying that the purpose of passing the bill to facilitate commerce between New York and New Jersey, was to carry the mails, &c., free from charge, in consideration for land grants.

Explanations followed from several gentlemen.

Mr. Baldwin maintained that such was the legal construction of the bill, while Mr. Washburn disclaimed any such intention.

Finally the Senate was requested to return the bill as it was passed under a misapprehension.

Mr. Voorhees made a speech in support of the restoration policy of President Johnson, commending the proposition of Mr. Stevens.

Mr. Bingham, of Ohio, replied to Mr. Voorhees, advocating equal justice to all of whatever color of race, and in the past, he has been a strong advocate of the restoration policy.

The House has an abiding confidence in the President, and that in the future, as in the past, will co-operate with Congress in restoring to equal positions and rights with other States in the Union all the States lately in rebellion.

Mr. Stevens, of Pennsylvania, said that Mr. Bingham refer his resolution to the select committee on Reconstruction. This was agreed to—107 yeas, 32 nays, carrying Mr. Voorhees' resolution sustaining the President, to the same committee.

A resolution was adopted instructing the Military Committee to inquire into the expediency of converting the property known as Arlington Heights into a home for disabled soldiers.

On motion of Mr. Thad. Stevens, a committee of five was appointed to prepare resolutions expressive of the feelings of the members relative to the death of Hon. Walter D. Dill.

The Chair appointed Messrs. Thad. Stevens, of Pennsylvania; James A. Garfield, of Delaware; P. B. Hildes, of Maine; and Messrs. Brooks, of New York; J. M. Dawson, of Pennsylvania. The meeting then adjourned, to convene again on Wednesday, Jan. 11, at 10 o'clock.

From Savannah.

NEW YORK, Jan. 9.

The Savannah Herald states that Judge Hildes has been pardoned by the President, and has resumed business there.

The Savannah and Ogeechee Canal has been repaired.

Yagrants and convict negroes are put into chains and made to sweep the streets.

Several saw and planing mills are being erected in the vicinity of the city.

The agent of the Freedmen's Bureau, at Macon, Ga., is taking the census of negroes there, and sending the unemployed to citizens, who say that their labor is needed.

Orders have been received at Savannah to proceed with the trial of Gen. Mercer.

Washington Correspondence.

NEW YORK, Jan. 9.

The Post's Washington dispatch says the Reconstruction bill, introduced by Mr. Stevens, is now in the hands of the Senate, and the proceedings were not public.

All the general appropriation bills will be reported from the Committee on Ways and Means next week.

No decision has been yet made by the War Department as to reference to officers of the veteran reserve corps.

The Potomac is frozen over for several miles below Washington.

There has been a lively scene in the House to-day over the bill passed to abolish rail road monopolies. The House has recalled the bill from the Senate, and it is now being interpreted which will relieve the Illinois Central Railroad from existing obligations.

Maine General Mustered Out.

WASHINGTON, Jan. 9.

Among a long list of Generals mustered out of the United States service are the following Maine: Brigadier General Selden Connor, James P. Blaisdell, John G. Alvord, George L. Deal, Henry S. Thomas and Richard Jackson.

Leave of absence for thirty days from the date of muster out is granted to all of the regular army going out of the volunteer service under the provisions of the act of March 3, 1879, who will report for duty with their proper regiments, their chief of corps or department.

All officers belonging to the personal staff of the general officers named will be immediately returned to their appropriate duty if belonging to the regular army or volunteer service still retained in service. All others will be honorably discharged, to date from the time of muster out of the officers with whom they may be serving.

General commanding military divisions will report without delay to the Adjutant General of the army the names of all general officers of their commands not included in the above order, whose services can be dispensed with without detriment to the service.

From Washington.

WASHINGTON, Jan. 9.

The constitutional amendment proposed by Mr. Blaine, in regard to the future basis of representation in Congress, secures the unanimous support of New England, and generally of the Middle States. It finds opposition in the Northwest, where it will be the gain by the suffrage basis at the expense of New England. Mr. Blaine's speech will be extensively circulated.
